Terms and Conditions for Motorcycle Rent ( update 2010 )

The following "terms and conditions" are related to the rent of a motorcycle owned by Peters Classic Bike Adventure Tours Pvt. Ltd. (India ).

Documentation.

Documentation should include a valid two wheeler license, a valid International driver's license, and adequate insurance coverage for the duration of the tour. All necessary documents, which also include passport and the original motorcycle registration papers, should be carried on the person at all times.

Maintenance.

Participants are responsible for daily oil and battery check. The participant is liable for any subsequent damage due to negligence to perform daily oil and battery checks.

Traffic & Driving.

Every driver is responsible for his/her safe driving, the careful handling of the vehicle for his or her own safety as well as that of the other drivers and innocent bystanders. The undersigned considers himself informed of Indian traffic regulations as well as the actual unorthodox traffic situation, and the technical limitations of the Enfield Bullet, i.e.: weak brakes, reversed gear and brake levers.

Insurance.

The comprehensive motorcycle insurance for the Enfield Bullet limits personal indemnity to the driver to € 500 for each claim. Out-of-court settlements are highly recommended for third party claims as court and police procedures are notoriously slow and ineffective , and normally share out the blame to the different parties disregarding actual facts. An out-of-court settlement saves on time, bribes, and eventual tour extension costs. An out-of-court settlement automatically excludes any compensation from the part of the insurance company. The final arbiter in any such situation is the tour guide. All costs relating to injury and hospitalization, and any expenses subsequently arising, such as tour extension, hotel bookings, motorcycle transport costs, are to be borne by the participant, and his personal travel insurance.

Deposit.

The driver is expected to make a deposit of € 500 in cash to the rental office. This amount will be reimbursed at the conclusion of the rental period.

This down payment can be used for any emergency which may arise during the tour. This amount also corresponds to the personal indemnity ceiling of the Enfield Bullet insurance policy, as well as the ceiling the rental agency sets for damages incurred on the vehicle in an out-of-court settlement.

Theft.

The motorcycles are insured against theft, but not the personal luggage of the participant. Every participant is responsible for the safety of his/her own luggage.

When the vehicle is stationary, the driver should remember to take all the keys with him. At night, the motorcycles are to be kept within the guarded hotel compound.

Booking Procedure

An advance payment of 100 € / each bike is kindly requested to confirm any bike booking/reservation with us.

We do not accept any Credit Card.

Payments through bank remittance to our accounts in Germany or India are most welcome.

Also all cash payments on the spot at our Goan office/workshop are welcome.

Rental Payments.

The full payment has to be settled by cash payment or bank remittance at the time of the take over of the motorbike at the beginning of the rental period. You can also do online bank remittance from our office PC, if you know your own TANS

**Office Timings : We are open 7 days from 9am to 2 pm Indian standard time. Release or collection of our Rental Bikes at any other time only if timing is confirmed by our crew.**

**The bike rider is aware of the risks of motorcycling without a helmet or protective clothing.**

**The undersigned waives the right to lay any blame onto the tour guide or the rental agency for any eventual road accident.**
