

Welcome to Peter's Bike Adventure in Cyprus (22.02.2022)

A lush lap across the sun-drenched island of Cyprus with its ancient culture. Suitable for all bikers with some experience and enjoy riding through mostly untouched nature. Start and base is the original Chrysochous Bay near Polis. We are planning three day tours as well as a three day round trip to the mountain forests of the Troodos and to Nicosia. Criss-cross, up and down, the small roads and tracks lead us through the mountains and hills back to Polis. Finally, an adventurous day on small trails in the National Park on the Akamas Peninsula.

This seven-day classic bike tour takes place in the best seasons, spring and autumn. On long passages there is hardly any traffic, for hours we curve on lonely roads through the mountains, offering driving pleasure even for spoiled cruisers. Culture is not neglected either - besides Cyprus' history we will get to know today's village life and the urbanity of the divided capital Nicosia.

The tour is easy to ride, with the demands increasing slightly as it progresses. Due to the small number of unpaved roads we can recommend this tour to almost all bikers. If you already have some Enduro experience, you have a bit of an advantage. We will ride our Royal Enfield Himalayas and Bullet Classic 500, possibly also 250cc Honda Enduros.

For the program I work together with my long time biker friend Hans from Holland, who has been living in Cyprus for over 40 years and really knows every track and every little mountain road there. I myself am now for 2 years again on the road in Cyprus, there is hardly a slope that I have not tried since then...

Here are two historical pictures of Peter and Hans - from the 80s ... and from today

We have chosen a good two-star hotel directly by the sea for you:

The accommodation is located directly on the sea and is run by the friendly owner family. It has a good restaurant with terrace directly on the beach, a pool, a tennis court and rooms with sea view. It is 400 m to the port of Latchi and 4 km to the village center of Polis. Single room with sea view for all participants on request go clear.

We spend a total of five nights there, two more on the tour, once at The Mill Hotel in the romantic mountain village of Kakopetria in the Troodos Mountains and then at the "Kipros Accomodation" Guest House in the old town of Nicosia.

Six Royal Enfields and 3 Honda 250cc Enduros are at our disposal - the best touring bikes available in this region. We know the bikes and the (Honda-) renters well. Out of five local motorcycle rental companies, only two are really professional, we "tried".

Costas from TT Rentals and the team from Petrides Rentals work together with us. We try to provide all bikes at the hotel. You will be picked up by us at the airport, be it in Larnaka or (better !) in Paphos.

Su			THE TOUR	PETERS ZYPERN BIKE ADVENTURES		
Su Arrival Date Beach because at 9.30 a.m. meeting with Maria at the Cyprus Tourism Board Office - we get maps and information about the country and its people. Afterwards we will go on a "Warming Up" tour, beautiful small country roads through picturesque landscapes with stops at some starts quite early yet. Mo around 9am yet. 5 one-week tours are planned for 2022:

Sat 16.04. - Sat 23.04. 2022

Sat 15.10. - Sat 22.10. 2022

Sat 29.10. - Sat 05.11. 2022

Sat 12.11. - Sat 19.11. 2022

Sat 26.11. - Sat 03.12. 2022

The tours are organized by RC Peter with the support of his friends Hans, Nestoras, Willy, Marinos, Volker, Janis, Michael and other local supporters.

Our Crew Members Kuldeep, Volker, Peter and Hans

The services:

- Royal Enfield Bullet 500 or Royal Enfield Himalaya Enduro 400cc possibly also Honda-250cc-Enduro incl. liability insurance, and for damages caused by the rider to the bike the rider pays up to 500 Euro per claim.
- Overnight stay in comfortable hotels typical for the country with full board, this
 includes a delicious breakfast, lunch snacks, selected dinners typical for the
 country with lots of fresh fish and the best meat specialties, everything also for
 vegetarians, however, we do not pay for your alcoholic drinks...
- both airport transfers in Cyprus, even if you extend your stay
- entrance fees for sightseeing
- one or two road captains/guides on each tour
- gasoline

Our "Corona Condition" Both contracting parties can cancel free of charge up to four weeks before the start of the tour, the participants even up to seven days before the start of the tour.

For the three-day mountain tour with detour to Nicosia we will have a support vehicle for luggage transport and a mechanic.

Direct flights to Paphos and Larnaca in Cyprus are available for about 50-500 EUR. Ryan Air, Easy Jet, Eurowings, Transavia and WizzAir fly several times a week from various German, Austrian, Swiss, Dutch and many other airports to Cyprus. It is best to take care of the tickets yourself, but I can also help if you wish. If you book flights to Paphos instead of Larnaka, the journey to and from Paphos (70km/1 hour) is much shorter. From Larnaka it takes three hours to Polis (about 180km/ 2,5 hrs mainly on the highway).

The tour prices:

Bikers in double room : 1.750 €
Biker in single room : 1.950 €
Passenger in single room : 1.700 €
Pillion rider / Jeeppassenger in double room : 1.500 €

If it comes to a binding commitment, please send a meaningful picture and a copy of the identity card or passport. As soon as the deposit of 500 EUR has arrived on our Cypriot company bank account, I will confirm immediately.

Important! We need for our motorcycle insurance a so called "No Claim" from your car or motorcycle insurance at home. This paper is generally known, also by German insurers. It simply confirms that you have not had a claim in the last 5 years. If there are problems with the certificate, let me know. Then I always have a "Plan B". If you have had insurance claims, no problem, then we go to "Plan C". I will be happy to explain that if needed.

Cyprus has 2 airports, Paphos and Larnaka. To Polis it is 70 km / 1 hour from Paphos, from Larnaka it is about two and a half hours / 180 km.

Of course you can add a few days for relaxing, hiking, individual biking & beaching before or after the tour. We highly recommend it, Cyprus is really fun! I can give tips for this and help with organizing accommodations, vehicles, program, etc. Here is an example, the mountain hiking with the young German-Cypriot Manuel:

HIKES IN THE AKAMAS NATURE RESERVE

The Akamas peninsula (hero in Greek mythology) is ecologically extremely valuable and at the same time culturally significant. The interior of the peninsula is wild and rugged, and along the coast there are secluded bays with crystal-clear water. Fauna and flora are also impressive: Sea turtles lay their eggs here, and of the 500 or so plant species counted, over 30 are endemic, i.e. only found here. The peninsula is especially beautiful in winter and spring, when a green carpet spreads out and numerous wildflowers bloom. And last but not least, there is a good portion of mythology: in a rock pool on the north coast, Aphrodite is said to have had fun with Adonis.

We work together with Manuel, the best German-Cypriot hiking guide, who offers excellent day tours for us. More info on request.

Need a massage after biking or hiking? Then on to Nikko and Nikki in Polis. The two are multi-skilled, very sensitive and experienced. We are happy to help you with your reservation.

There is still a lot of time until October/November 2022. Everything will hopefully be back to normal then, coronapanics and quarantine just a nasty memory.

Current info can be found here:

 $\underline{https://www.hermesairports.com/covid-19/travelling-to-cyprus} \\ and here:$

https://www.tourism.gov.cy/tourism/tourism.nsf/home_en/home_en?openform

I will be happy to answer any further questions! I am very much looking forward to our tour together! With the best biker greetings from my new home village Polis - Prodromi in Cyprus.

"Senior Road Captain" Peter Gerhard Peter Paulo Dos Santos Here are the motorcycle rental conditions:

AGREEMENT FOR THE USE OF OUR MOTORCYCLE FOR YOUR CYPRUS HOLIDAYS

Prerequisite for riding a motorcycle of Peter & Friends is the possession of the motorcycle driving license, as well as the conclusion of a travel health and accident insurance for the period of the tour. These papers are to be carried along with the identity card/passport and the original motorcycle documents handed over by us during the entire trip.

Traffic: The driver is exclusively responsible for the observance of the traffic rules and the choice of the adapted speed himself. He has been informed by the Peter & Friends "Bike & Tour Instructors" about the unusual behaviour of the Cypriot road users and about the technical possibilities of the Enfields (sharp front disc brake, weak rear brake, side-inverted foot pedals).

Insurance: All machines are fully insured. The deductible per claim is limited to a maximum of 500 €. In the case of accidents with third-party damage caused by the "bike rider", it is often advisable to settle the claim directly on site without involving the police. In this case, experience has shown that the motorcyclist bears the costs, especially when long waits and high tour costs are to be feared due to time delays caused by calling in the police.

However, such a direct approach makes a settlement of damages by the insurance impossible, because no police report is made. For all costs, which result from illness or injury of the Bike Rider, also for the indirect consequential costs and motorcycle transport costs the participant is responsible. (or pays his foreign accident and health insurance).

Deposit: When taking over the motorcycles, each motorcycle user deposits a deposit (500 € in cash) with the rental company, which will be returned when the Enfields and Hondas are returned. This deposit is the maximum excess per claim for all damages to the motorcycle.

Luggage / Theft: All bikes are insured against theft, but not the luggage carried. The renter is responsible for his personal luggage and its safe transport during the entire tour. The agency assumes no liability for damaged or lost luggage.

The motorcyclist is responsible for the safe parking of the motorcycle. He is liable for objects left on the motorcycle himself.

Peter & Friends recommend the use of motorcycle helmets and protective clothing. Every Bike Rider is aware of the special risks of riding without helmet and without protective clothing. He will be gladly informed about the respective regulations of the regionally valid "Road Traffic Regulations" by the Bike Instructor upon request.

Declaration:

I have not paid any rent for the use of the motorcycle, this motorcycle has been made available to me by the owner in order to participate with it in the joint excursions and leisure tours in Cyprus.

Nikki from the supermarket in Latchi provides us with everything we need, the other Nikki treats us after biking with fantastically relaxing Thai and oil massages. Everything is taken care of in the finest way!

And here are more pictures for you:

"Yamas" and see you soon on the island of Aphrodite ...
